

Table of Contents

Product Information

Filler Metals

Aluminum Alloys	3
Cobalt Bare Rod	6
Cobalt Coated Electrode	8
Cobalt Cored Wire	10
Copper Alloys	12
Hardbanding	16
Maintenance & Repair / Hardfacing	19
M&R Hardfacing Wires	29
Metaltec Products	48
Mild & Low Alloy Steel Bare Wire	51
Mild & Low Alloy Steel Electrode	57
Mild & Low Alloy Steel Flux Cored Wire	67
Nickel Alloy Bare Wire	80
Nickel Alloy Coated Electrode	87
Nickel Alloy Flux Coated Wire	91
Stainless Steel Bare Wire	93
Stainless Steel Coated Electrode	103
Stainless Steel Flux Coated Wire	113
Titanium Alloys	120

Typical Welding Parameters & Technical Information 123

AISI Steels	124
Aluminum Filler Metal Guide	125
Aluminum Filler Metal Welding Parameters	130
Cast Iron	132
Chome Moly Data	137
Cobalt	138
Copper Alloy Preheat and Welding Information	140
Hardbanding General Information	141
Hardfacing Comparison Chart	142
Mild & Low Alloy Steel Welding Parameters	146
Mild & Low Alloy Classification Designators	148
