

# 2018 Conflict Minerals Statement

***Reference: Dodd-Frank Wall Street Reform and Consumer Protection Act 2010: Section 1502 – Conflict Minerals.***

Unibraze distributes hundreds of branded and private label products that are manufactured by companies located around the globe. As a supplier of products manufactured by other companies, Unibraze does not directly purchase any raw conflict materials from any source and is many levels removed from mines, smelters, and refiners that produce the metals used in the products manufactured by our suppliers.

Although we are not regulated by this act, Unibraze undertakes due diligence to determine that all products procured from our suppliers do not contain conflict minerals originating from the Democratic Republic of the Congo or adjoining countries. We expect our suppliers to maintain reviewable records supporting the source of conflict minerals; based upon evidence they have provided, there is no indication that any products supplied by Unibraze contains DRC conflict minerals.

In conclusion, Unibraze understands the importance of this issue and supports efforts that work towards a DRC Conflict Free supply chain and requires all our suppliers to likewise support these efforts.
